- Education

British College of Applied Studies

Jan 2022 - July 2024

During my BTech HND in Software Engineering at Kalmunai BCAS campus, I completed courses in software development, protocols, data structures, IoT development and database management. I actively participated in team projects that developed software solutions using various programming languages and tools. Through these assignments I gained presentation and practical experience, which allowed me to apply theoretical knowledge to real-world scenarios and hone my problem-solving skills.
