ABDUL RASEETHU MOHAMMED JAFRAN

Software Engineer

Email: jafran.ar123@gmail.com   **Phone no:** 0767674023   **Location:** Sri lanka

LinkedIn: https://www.linkedin.com/in/mohammed-jafran-489a64127/

GitHub: https://github.com/MOHAMMEDJAFRAN

Aspiring software engineer with a strong foundation in computer science principles and hands-on experience in web development. Seeking an internship opportunity to apply my skills in a dynamic tech environment.

Education

HND in Software Engineering   2022 - 2024
British College of Applied Studies

ICT Technician NVQ Lv-4   2021 - 2022
Vocational Training Authority

Certificate in Networking   2016

E Best Campus

Experience

Administrative Assistant   Apr 2021 - Sep 2022

Pradesiya sabha, Sammanthurai.

- Managed administrative tasks, including document processing and record keeping.
- Assisted in database management and maintained digital records efficiently.
- Performed network maintenance tasks, ensuring seamless connectivity and troubleshooting network issues.
- Assisted in IT infrastructure setup and support for office systems.

Projects

- **Paradish Hospital Project**   HTML | CSS | JavaScript | PHP | MySQL

A full-stack web application designed for managing hospital services. Features a user-friendly interface for seamless interaction between users.

- **PDF Bot-Based Education Project**   HTML | CSS | JavaScript | PHP | Python

The system provides automated responses and document processing to enhance the study experience.

- **Data Processing Application Project**   Python | Streamlit | Matplotlib

A data-driven ERP system for handling processing large datasets. Features include data visualization.

- **Personal Portfolio Website**   HTML | Tailwind CSS | JavaScript

A modern, responsive portfolio showcasing my projects, skills, and expertise with an intuitive UI, interactive sections, and seamless navigation.

- E-Commerce Website for THT Printing Shop   HTML | CSS | JavaScript | PHP | MySQL

Developed a fully functional e-commerce platform for THT Printing Shop, enabling online product listing, customer reviews, user authentication, admin dashboard, and order management.

- IoT-based Plant Monitoring & Watering System   Esp 32 Board | Arduino uno

A modern, responsive portfolio showcasing my projects, skills, and expertise with an intuitive UI, interactive sections, and seamless navigation.

Skills

HTML	Python
CSS	MySQL
Javascript	React JS

Tools & Technologies

Arduino IDE	GitHub
MySQL	PyCharm
Visual Studio Code	Figma

Languages

English	:	Intermediate
Tamil	:	Native
Sinhala	:	Intermediate
